

KNITTED KNOCKERS APPROVED YARNS (12-14-16)

The yarn used for Knitted Knockers is very important as they are to be worn against scarred, sensitive skin. We have compiled the following list of yarns that have been tested and approved as appropriate for Knitted Knockers. Most women prefer cotton as it is breathable so we have listed mostly cotton or cotton blends. The acrylic yarns listed are only for swimming as they are not worn daily. Crochet requires a finer weight yarn than knit as it can be a bit stiffer so we have identified the yarns appropriate for crochet.

Please note that only knockers made from the following list will be used to fill orders from knittedknockers.org so if knitting or crocheting for us please only use these yarns.
